Pradeepan S

Technology Associate - AWS

Address Chengalpattu, TN - 603001 Phone +91 - 9894636517 E-mail pradeepan1997@gmail.com **LinkedIn** https://www.linkedin.com/in/pradeepan-s-3460ab100

Professional Summary

AWS Cloud Engineer with 3+ years of experience in administration, automation, deployment, monitoring, and troubleshooting across AWS environments. Skilled in CI/CD pipelines, AWS networking, security best practices, and cost optimization. Hands-on exposure to container orchestration (EKS, ECS) and a strong background in infrastructure automation (Terraform, CloudFormation). Adept at collaborating with cross-functional teams to deliver reliable and scalable cloud solutions.

Work History

2022-11 - Current

Technology Associate -AWS

SHI - Locuz Enterprise Solutions (P) Ltd, Hyderabad

- Designed and managed AWS environments, ensuring reliability, performance, and cost efficiency.
- Configured and monitored alerts, alarms, and dashboards with CloudWatch, Grafana, and Prometheus.
- Deployed automation using Lambda, Event Bridge, and Python scripting for tasks like EC2/RDS scheduling, SAP monitoring, and Oracle data guard replication.
- Implemented Site-to-Site VPN connections and worked on Control Tower and SSO setups for secure multi-account environments.
- Assisted with AWS networking (VPC design, Transit Gateway, Network Firewall configurations).
- Worked on infrastructure as code using Terraform and CloudFormation for repeatable deployments.
- Managed patching and security updates for Linux and Windows servers.
- Migrated EC2 and RDS across regions, managed Golden AMIs, and optimized RI/Savings Plans.
- Performed S3 operations (Lifecycle rules, ACLs, versioning, batch jobs, Glacier recovery).
- Troubleshot incidents as L1/L2 support and resolved escalations.

Core Skills

- Cloud Platforms: AWS (EC2, VPC, S3, RDS, Lambda, IAM, CloudWatch, CloudTrail, SNS, SQS, DRS, SES, Systems Manager, AWS Backup, Control Tower, SSO)
- Containerization & Orchestration: ECS, exposure to EKS
- CI/CD & DevOps Tools: Jenkins, GitLab CI/CD, AWS Code Pipeline, Terraform, CloudFormation
- Networking & Security: Site-to-Site VPN, AWS Transit Gateway, AWS Network Firewall, IAM, Security best practices
- · Monitoring & Automation: CloudWatch dashboards, Event Bridge, Lambda automation, OS patching, system alerts
- Other Tools: Apache, Nginx, IIS, Veeam Backup, Ticketing (Sapphire IMS, Salesforce, Amazon TT)
- OS & Scripting: Linux administration, Shell scripting, PowerShell, Python

Digital Associate 2020-07 - 2021-11

Amazon Web Services, Chennai

- Worked in the Data Annotation team for training ML/AI algorithms.
- Verified data quality as part of the QA team using AWS Rekognition, Textract, and SageMaker.
- Tracked and resolved tickets via Amazon TT.

Certifications

	AWS Solutions Architect - Associate
Languages	
	Tamil
	English
Education	

2015 - 2019	Bachelor of Technology (Mechanical Engineering)

Crescent Institute of science and technology - Chennai

12th 2014-2015

St. Joseph Matric Higher Secondary School - Chengalpattu

10th 2012 - 2013

St. Joseph Matric Higher Secondary School - Chengalpattu
